

The background features a light blue and white color scheme. Large, stylized, 3D letters 'R', 'A', and 'S' are scattered across the frame. These letters are white with a subtle blue outline and are set against a background of faint, blue circuit-like patterns that resemble printed circuit board (PCB) traces. The overall aesthetic is technological and modern.

# **RFID SOLUTIONS & ACADEMY PVT LTD, INDIA**

**( AN IOS VENTURE , DIVISION OF READERS & SCANNERS LTD SINGAPORE**

RFID Solutions & Academy Pvt. Ltd.  
Enterprise Asset Locating Solutions  
IOS Real Time Asset Visibility

  
**RFID**

## **Student Tracking System**

Version 2.0

## \*ABOUT US...!!

### **The RFID solutions,**

is a division of India Outsources which works with the leading manufacturer of RFID Alien Technologies, USA for RFID tags and RFID Readers.

We provide

- Training.
- Site surveys and consultancy
- Providing solutions on Asset tracking and timing solutions

## \*RADIO Frequency Identification

### **Radio Frequency Identification (RFID),**

is a technology that allows automatic identification of objects, animals or people by incorporating a small electronic chip on its "host". Data is stored on this chip and can then be "read" by wireless devices, called RFID readers.

## \*Why needed

- .

Time & Attendance Alert

Improves Safety

Tracking Locations

## \*RFID Reader

**“RFID Reader,**  
is a device that is used to interrogate  
an RFID tag. The reader has an antenna  
that emits radio waves; the tag responds  
by sending back its data”.

## \*RFID Antenna

“The **antenna**

in an RFID tag is a conductive element that permits the tag to exchange data with the [reader](#)”

And the Handheld which has everything reader, wi.

## \*RFID Tags

“ **RFID tag**, is a microchip combined with an antenna in a compact package ;the packaging is structured to allow the RFID tag to be attached to an object to be tracked. The tag’s antenna picks up signals from an [RFID Reader](#) and then returns the signal”.
